

A close-up, profile shot of a man with a goatee and long hair tied back, wearing a dark blue beanie with a red and black geometric pattern and a dark blue sweatshirt. He is looking out over a field of tall, dry grass under a warm, golden light. The background is slightly blurred, showing more of the field and some distant trees.

## DAWN TO DUSK AND BACK AGAIN

Up in the morning and listen to nature. On the road you're part of something bigger than yourself. See what I see and meet the people I meet. So many journeys, so many loads, and a lot of different weather, night and day. Wearing the right clothes makes a difference. Clothes that put you at ease while you work. Because truck drivers have their own way of doing things, and that's what Scania Truck Gear is all about. Your style. At any time of day or night.
